

Heidi Newfield, Johnny And June

Oh there's something 'bout a man in black,
Makes me want to buy a Cadillac,
Throw the top back,
And roll down to Jackson town,
I wanna be there on the stage with you,
You and I could be the next rage too,
Hear the crowd roar,
Make 'em want more,
Kick the footlights out,

I wanna love like Johnny and June,
Rings of fire burnin' with you,
I wanna walk the line,
Walk the line,
'Till the end of time,
I wanna love,
Love ya that much,
Cash it all in,
Give it all up,
When you're gone,
I wanna go too,
Like Johnny and June,

I wanna hold you baby right or wrong,
Build a world around a country song,
Pray a sweet prayer,
Follow you there,
Down in history,

I wanna love like Johnny and June,
Rings of fire burnin' with you,
I wanna walk the line,
Walk the line,
'Till the end of time,
I wanna love,
Love ya that much,
Cash it all in,
Give it all up,
When you're gone,
I wanna go too,
Like Johnny and June,

Like Johnny and June,
More than life itself,
No-one else,
This endless promise,
They don't make love like that anymore,
Is that too much to be askin' for,

I wanna love like Johnny and June,
Rings of fire burnin' with you,
I wanna walk the line,
Walk the line,
'Till the end of time,
I wanna love,
Love ya that much,
Cash it all in,
Give it all up,
When you're gone,
I wanna go too,
Like Johnny and June,

Like Johnny and June,
And when we're gone,

There'll be no tears to cry,
Only memories of our lives,
They'll remember, remember,
A love like that.
