

# Hellicopters, Now! (Gotta Get Some Action)

There comes a time when a man's gotta choose  
A time when you have to decide what to do  
Watcha' gonna do? Well I got better things to do with my time  
Than to sit on my ass and throw pearls before swine

Gotta-gotta-go-go light up the ignition  
Gotta kill that sacred cow  
Please spare me all of your futuristic visions  
'Cuz I gotta get some action  
Gotta get some action now!

Things have been goin' on for much too long  
Yeah I've heard it all before and I think I know the song  
Careful now kid, you might just fall for their ruse  
Well I couldn't really bother 'cuz I got nothin' to lose

Gotta-gotta-go-go light up the ignition  
Gotta kill that sacred cow  
Please spare me all of your futuristic visions  
'Cuz I gotta get some action  
Yes I gotta get some action  
Yes I gotta get some action

Gotta-gotta-go-go light up the ignition  
Gotta kill that sacred cow  
Please spare me all of your futuristic visions  
'Cuz I gotta get some action  
Gotta get some action now!
