

Hellacopters, Pride

I know where I come from
Sands of the fatherland
I'll face any battle
Though I don't understand
I pledge the allegiance
The flag I wave tonight
Not only am I grateful
But it's also worth a fight
I'm taking sides
On a shaky ride
And you wanna know
What's this thing called pride
I read the bible
Even though I must admit
I need some guiding through it
The parts that I don't get
I'm taking sides
On a shaky ride
And you wanna know
What's this thing called pride
I'm taking sides
On a shaky ride
And you wanna know
What's this thing called pride
