

Hellcopters, You Are Nothin'

You are nothin'
I'm for real
You see I'm rockin'
'Cuz the devil's got the deal

Ain't got no time left
But I've got Shiva on my right
You're in deep shit baby
While I'm in the limelight

Action rockin' man born & bred
And I've got asteriods bouncin' round in my head
We're talkin' clich's baby I know it's true
You can't stand I'm not one bit like you

I keep on runnin'
You're standing still
Yeah I move my ass
To get kicks & dirt cheap thrills

You're lips are movin'
But I can't hear you say
Yeah you hit the ditch
And I hit the highway

(yeah)

Action rockin' man born & bred
And I've got asteriods bouncin' round in my head
We're talkin' clich's baby I know it's true
You just can't stand I'm not one bit like you

You are nothin' gettin' nowhere x3
You got nothing at all

You are nothin' gettin' nowhere
You got nothin'
You got nothin' at all!

(c'mon)

Yeah, action rockin' man born & bred
And I've got asteriods bouncin' round in my head
We're talkin' clich's baby I know it's true
You just can't stand I'm not one bit like you

You are nothin' gettin' nowhere (yeah, yeah)
You are nothin' gettin' nowhere (allright)
You are nothin' gettin' nowhere

You can't stand I'm not one bit like you!

uhh!
