

Helldorado, Payrolled

What good is a Stetson??
If you've got no head
What good is a bullet?
If you can't take lead

I'm on their payroll
I'm on their payroll
They paid for my soul
On their payroll

What good is my life?
When you're out of it
What good is my money?
When it smells like shit

I'm on their payroll
I'm on their payroll
They paid for my soul
On their payroll

I FUCKED IT UP
I MADE MISTAKES
NOW I'M PAYROLLED

What good are my genes?
When I can't think straight
What good is my past?
When it's full of hate

I'm on their payroll
I'm on their payroll
They paid for my soul
On the payroll

I FUCKED.....

Little white rabbits
And brown pyramids
I'm a mean old man
And a frighten kid

What was I thinkin'?
When I sunk this low
How can I stop it?
When I can't go slow

I'm on their payroll.....

I FUCKED.....
