

Helldorado, Teenage Queen

Here comes that teenage queen
the cutest thing you've ever seen
She moves just like a cat
'n she would lay down just like that

Well, you could drive your brand new Cadillac straight to hell
Just to pick her up and take her for a ride
And find some old motel
And bring her inside

**BUT YOU COULD NEVER TELL
THAT SHE WAS MEAN AS HELL
BUT YOU COULD NEVER SEE
HOW WICKED SHE COULD BE**

Here comes that teenage queen
She's so easy, she's so keen
She's got long black stockings 'n high heeled shoes
Lipstick, makeup 'n a lot of tattoos

You could ride your steel horse six miles in the wrong lane
Just to pick her up and drive her through the Texas rain
And stop by a roadhouse
And buy her a drink

BUT YOU.....

There goes that teenage queen
You know the kind that's seldom seen
She can twist and she can shake
She can move just like a snake

Well, you could drive your brand new Cadillac straight to hell
Just to pick her up and take her for a ride
And find some old motel
And bring her inside

BUT YOU.....
