

Helldorado, Women Shouldnt Drink

I came home last night, my house was on fire
Women shouldn't drink
I came home last night, my house was on fire
Women shouldn't drink
I came home last night, my house was on fire
And the flames kept burnin' higher and higher
I came home last night, my house was on fire
Women shouldn't drink

Oh, whacha think whacha think whacha think
Women shouldn't drink
Oh, whacha think whacha think whacha think
Women shouldn't drink
Alcohol, no none at all
I said alcohol, no none at all

Just like a blind man shouldn't drive
Women shouldn't drink
Just like a blind man shouldn't drive
Women shouldn't drink
Just like a blind man shouldn't drive a car
The women shouldn't head for the bar
Just like a blind man shouldn't drive
Women shouldn't drink

Oh, whacha think.....

I'm gonna put up a neon sign that says:
Women shouldn't drink
I'm gonna put up a neon sign that says:
Women shouldn't drink
I'm gonna put it up for everyone to see
And they will get this message from me
I'm gonna put up a neon sign that says:
Women shouldn't drink

Oh, whacha think.....
