

Halloween, I.M.E.

I should not this
I must not that
No matter how I act I must regret
Its not me
Its not me
I got to play
What others say
I got to turn it down when I feel great
Thats not me
Its not me

I Am Me
Who do you think you are
To tell me what to be
I Am Me
No matter what you say
Today I keep my way
I Am Me

You make me sick
You make me choke
For me your way of life is just a joke
Its not me
Its not me
I got a face
I got a name
Whatever you perceive is not the same
That I see
Its not me

I Am Me
Who do you think you are
To tell me what to be
I Am Me
No matter what you say
Today I keep my way
I Am Me

I got to change this
To rearrange this
Start writing onto my own pages
Its just me
Its just me
Its just me

I Am Me
Who do you think you are
To tell me what to be
I Am Me
No matter what you say
Today I keep my way
I Am Me
How grave you think you are
To tell me what to be
I Am Me
You better creep away
Today Im on my way
I Am Me
