

Halloween, Kill It

Im your maker
Mold your mind
Idea-creator
Bias from behind

Poeple never wonder
How the world goes round
They who care go under
Thats what Im about

I Kill It, Kill It, Kill It
Kill It, Kill It
Care must die
Kill It, Kill It, Kill It
What we cant tie
What we cant buy
Must die

Im soulhunter
Of the might
Upright hatemonger
Angel of the blind

Poeple never wonder
How the world goes round
They who care go under
Thats what Im about

I Kill It, Kill It, Kill It
Kill It, Kill It
Care must die
Kill It, Kill It, Kill It

Poeple never wonder
How the world goes round
They who know must follow
They who dont die bound

I pay billions
All got a price
Plain corruption
No roll of the dice

Poeple never wonder
How the world goes round
They who care go under
Thats what Im about

I Kill It, Kill It, Kill It
Kill It, Kill It
Care must die
Kill It, Kill It, Kill It
What we cant tie
What we cant buy
Must die
