

Halloween, March Of Time

Hours of lost, hours of tears
passing by before my eyes
Today, tomorrow, yesterday, one life

Days of joy, days of sadness
come and go to pass me by
A month, a year, one hundred years
they fly

Ohh, one day I will be gone to lead another life
Ohh, and this world will stop to turn around with me

Time... marches
Time... marches
on without us all, never stop, yes
Time... marches
Time... marches
on and on and on, flies eternaly

Times of peace, times of fight
constant moviment os our life
can't stop no more
not until... we die
we lonf for more... eternity,
and maybe there's another life
this one is short, no matter how you try

Ohh, but never give up all the hope to lead a good life
No. don't waste your given time to make things worse

Time... marches
Time... marches
on without us all, never stop, yes
Time... marches
Time... marches
on and on and on, flies eternaly

Please, please help me see
the best way to be
Make we change and we,
live eternaly
No more wasted years
no more wasted tears
Life's too short to cry
long enough to cry

Time... marches
Time... marches
on without us all, never stop, yes
Time... marches
Time... marches
on and on and on, flies eternaly
