Hellraiser, Rocket In The Air

Rockets in the air No plase to turn There is no shelter Missiles in the air Death's riding Straight inside you Shells are in the air You are the target Bombs will strike it Do you really care Surviving or dying

Where will you run to What will you do boy There ain't no one to save you guy Close your eyes tight And say your prayers There's no escape

Just wait, Just wait, lust wait

You don't need to run If s catching you No need to hide Bombs are falling down Missiles fly to smash you What you gonna do You see them flying in the air Nothing left to do You are falling to despair
