

Hellraiser, The Land Of Dead

what's going on
you can not see it
you can't explain
the weird feeling
all you can sense
is flying somewhere

dead is your brain
back off!!! don't hold me
shot in the vein
f**k off!!! don't stop me
want you enjoy final trip
I know you do

what's going on inside
something's freezing my eyes
I'm running out of breath

sand, sand your emotions
to the land
to the land of dead

life is a shit
you know it don't you?
people you met
they bought and sold you
now you don't give a damn anymore

you're on your way
to endless quietness
down in the grave
there'll be no troubles
it's land of dead
no suffering, you'll see

what's going on inside
something's freezing my eyes
I'm running out of breath
I'm going west

you see the light
your soul is flying
you know you're dead
but you're alive
the man up there
will show you all
heaven'n'hell

you hear the voice
it's coming near
it's calls your name
you feel no fear
just never mind
you almost got there
dead is your brain
back off!!! don't hold me
shot in the vein
f**k off!!! don't stop me
I'm on my way to the land -
the land of dead

what's going on inside
something's freezing my eyes
I'm running out of breath

I'm going west

you see the light
your soul is flying
you know you're dead
but you're alive
the man up there
will show you all
heaven'n'hell
