

# Helmet, See You Dead

I'd like to see you  
In two pieces  
You won't be walking  
Barely breathing  
I'd like to see you  
At my door  
We're together  
Like before

I could miss you more right now  
or I could slit your throat  
Sometimes I get so down  
You're not around and...  
I'd rather see you dead

See you dead

Tonight you're sleeping  
By his side  
I tried to see you  
But you let him decide  
I'm a threat now  
Are you scared  
It's just murder  
least you know I care

I could miss you more right now  
or I could slit your throat  
Sometimes I get so down  
You're not around and...  
I'd rather see you dead  
Sometimes I get lonely  
And all I need is...  
Just to see you dead

see you dead  
see you dead  
see you dead  
dead  
see you  
see you  
see you dead  
dead dead dead dead dead dead deeeeeaaaad

Sometimes I get so down  
You're not around and...  
I'd rather see you dead

Sometimes I get lonely  
And all I need is...  
Just to see you dead

Sometimes I get so down  
You're not around and...  
I'd rather see you dead

see you dead  
dead  
see you dead  
dead  
see you dead
