Henry Fiat's Open Sore, Britpop Sucks

It all started with Beatles and that kind of shit
But after a while it got even worse
When Oasis and Blur took over the british scene
Then it really, really, really sucked

It was people with stickin-out ears
It was people with bad taste

It sucks
British pop, it sucks

It sucks
British pop, it sucks

It sucks
British pop, it sucks

It sucks
British pop, it sucks
