

Henry Fiat's Open Sore, Louder Than God

Got my mind set on a brand new revolution
Set my mind straight for a brand new constitution

The Lord is here with a mic in his hand
The second comin's gonna be

Louder - louder than God
Louder - louder than God
Louder - louder than God
Louder than God, I got a mouth of a madman

The father, the son and the man with the rebel anus
The holy ghost the buttered toast so you can never blame us
