

# Henson Cargill, But You Know I Love You

When the morning sun streaks across my room  
Lord I'm wakened up from another dream of you  
And I'm on the road once again it seems  
That all I've left behind is a chain of broken dreams  
But you know I love you yes I love you oh how I love you

I wish this love was all we'd need to live  
What a life we'd have cause I've got so much to give  
And it seems so wrong deep inside my heart  
That this dollar sign should be keeping us apart  
But you know I love you yes I love you oh how I love you

And if only I could find my way back to the time  
When the problems of this world had not yet crossed our minds  
For the answer could be found in children's nursery rhymes  
And I'd come running back to you and I'd come running back to you

No you know we can't live on dreams alone  
Got to pay the rent got to leave you all alone  
But you know I made my choice many years ago  
That this traveling life is the only one I know  
But you know I love you yes I love you oh I love you  
But you know I love you yes I love you oh I love you  
But you know I love you yes I love you oh I love you
