

# Her Majesty, I'm Fire C'mon!

some things you better do not say  
some things you better say  
before it's all to late

and what you don't know  
will hurt you anyway  
no matter what you do and in whatever way  
mind your manners and what you say  
'cause they can not see  
what you see in me

I am fire  
I'm fire c'mon

somedays you better stay in bed  
some things you better think  
before you use your head

'cause what you don't know  
will hurt you anyway  
no matter what you do  
and in what ever way  
mind your manners and what you say  
'cause they can not see  
what you see in me

I am fire  
I'm fire c'mon
