

# Her Majesty, You And Me Against The World

I don't understand  
What it is that you're not understanding  
And I don't get  
What it was that you got out of this  
I was feeling bad  
And all I got from you was you  
I was feeling bad  
And all I got from you was you

But do you remember  
When it used to be you and me and me and you  
And we rose above the rest  
I'm reading your letters  
And waiting for this long winter to end  
Maybe you said it best  
When you said  
It's you and me against the world  
It's you and me against the world

But on the other hand  
There are things that need no explanation  
I fully understand  
But you forgot what you got out of this  
I'm still feeling bad  
And all I get from you is you  
I'm feeling bad  
And all I get from you is you

But do you remember  
When it used to be you and me and me and you  
And we rose above the rest  
I'm reading your letters  
And waiting for this long winter to end  
Maybe you said it best  
When you said  
It's you and me against the world  
It's you and me against the world

Now it's you and him against the world  
Now it's you and him against the world
