

Her Space Holiday, Happy As A Ghost

I don't know where
I hide my emotions
Wanted to show you
My undying devotion

They started to dance
to the sound of romance
You said: "Don't they look happy?
I know you wish you were happy."

Wanted to ask you
but my courage fell through
so we mixed our drinks
and ignored my kinks
but they're there

I know the reason
that you hate the season
I leave you feeling
like you're unappealing

so we left early
and i grabbed your car keys
hand in hand
too much beauty for me to stand

I watched the lights move
across your perfect face
there's no other time
there's no other place
that I'd rather be
here with you
I'm here with you
