

# Her Space Holiday, Happy As A Ghost

I don't know where  
I hide my emotions  
Wanted to show you  
My undying devotion

They started to dance  
to the sound of romance  
You said: "Don't they look happy?  
I know you wish you were happy."

Wanted to ask you  
but my courage fell through  
so we mixed our drinks  
and ignored my kinks  
but they're there

I know the reason  
that you hate the season  
I leave you feeling  
like you're unappealing

so we left early  
and i grabbed your car keys  
hand in hand  
too much beauty for me to stand

I watched the lights move  
across your perfect face  
there's no other time  
there's no other place  
that I'd rather be  
here with you  
I'm here with you
