

Herman Brood, My Girl

There's nothin' you can say
that's gonna tear me away
from my baby
There's nothin' you can do
'cause I'll stick like glue
she's my girl

I'll stick to my girl
like a stamp to a letter
like the birds & the feathers
we'll stick together
I could tell you from the start
we'd never ever be apart
she's my baby

she's my baby

There's nothin' you can buy
that's gonna make me tell a lie
to my baby
no handsome face
is gonna take her place
she's my girl

She may not be a moviestar
but when it comes to bein' happy
we are
I could tell you from the start
We'll never ever be apart
She's my lady
