

# Hermits Herman's, Listen People

Listen people  
To what, I say  
I say, everybodys got to have their day

And don't you know that  
Everybodys got to love somebody sometime  
Everybodys got to win a heart  
Everybodys got to love somebody sometime  
When you do I hope you never part

I once, found love  
Found love, just like you  
But then, he came  
He might come to you

And don't you know that,  
Everybodys got to lose somebody sometime  
But everybody can part  
Everybodys got to lose somebody sometime  
So take care, that you don't lose your heart

And take my advice, and you'll always find  
And you'll be happy all of the time  
Take my advice and you will see  
You'll be happy as a you can be

(Repeat 1st verse and 1st chorus)

You'll never part  
Listen people
