

# Hetane, Wild Woman

Why do those men gather round in the town...?  
I have choked on their bones  
civilized skeletons...  
I wanna smoke, I have to go to Ohio..!!!  
here on the stage the backdoor girl  
dreams of woods...  
Wild woman - feed man by the wild hand  
Why do those men gather round , do they nod?  
Why they smile, why they blow  
Why do they trick me so much..?  
I wanna howl  
I'm a she-wolf till the dawn  
I'm runnin' on the soft paws  
to bring you the real food...  
Wild woman - feed man by the wild hand  
Why do you treat me so good...  
why do you blush ..?  
and kiss my brow  
when I'm sleeping...  
I keep this love in the jar  
deep in the ground  
I share all my secrets with ants  
...  
Wild woman, wild woman, wild woman...
