

# Hey Monday, 6 Months

You're the direction I follow  
To get home  
When I feel like I can't go on  
You tell me to go  
And it's like I can't feel a thing  
Without you around  
Don't mind me if I get weak in the knees  
'Cause you have that affect on me  
You do

Everything you say  
Every time we kiss I can't think straight  
But I'm ok  
And I can't think of anybody else  
Who I hate to miss  
As much as I hate missing you

Months going strong now  
And no goodbye  
Unconditional, unoriginal  
Always by my side  
Meant to be together  
Meant for no one but each other  
You love me, I love you harder  
So...

Everything you say  
Every time we kiss I can't think straight  
But I'm okay  
And I can't think of anybody else  
Who I hate to miss  
As much as I hate missing you

So please give me a hint  
So please give me a lesson on how to steal  
To steal a heart as fast as you stole mine  
As you stole mine, yeah

Oh, and everything you say  
Every time we kiss I can't think straight  
But I'm ok  
And I can't think of anybody else  
Who I hate to miss  
As much as I hate missing you

So please give me a hint  
So please just take my hand
