

# Hey Monday, Mixtape For Christmas

You make the holidays so lovely darling  
You give me butterflies like when we started  
Our lovin' feels so precious  
It's like a winter wonderland  
There's nothin' more I can ask for this year

Than our mixtape for Christmas  
With all our favorite songs  
I'd stay here forever if you'll sing along  
Just us and the fire, we're swaying to the beat  
There's no place I'd rather be  
Than here listenin' to our mixtape

We keep each other warm when winter kicks in  
This is my favorite season just because  
Of magic turns up loud  
And I just don't get how  
I could ever spend the 25th without

Our mixtape for Christmas  
With all our favorite songs  
I'd stay here forever if you'll sing along  
Just us and the fire, we're swaying to the beat  
There's no place I'd rather be

I'm a brand new me  
And all of the lights are shining  
I can't stop smilin' with you by my side

Our mixtape for Christmas  
With all our favorite songs  
I'd stay here forever if you'll sing along
