

# Hey Violet, Break My Heart

I could not forget  
All the wonderful things you've done  
And I have no regrets  
Done everything except one  
It's like a test it's like a game  
To see how much I can take  
I'm curious to live and learn  
So light me up and let me burn

Tell me you've never loved me  
Tell me that it wasn't real  
Just say you've found somebody else  
I wanna know the way it feels  
Tell me you've never loved me  
Tell me it was just a lie  
I wanna feel the pain  
I wanna see the light

Break my heart /4x

Pictures disappear  
And every moment will fade  
So cut me baby deep enough  
So that the scars will stay  
It's like a drug  
I can't say no  
On paradise I overdose  
I'm curious to live and learn  
So light me up and let me burn

Tell me you've never loved me  
Tell me that it wasn't real  
Just say you've found somebody else  
I wanna know the way it feels  
Tell me you've never loved me  
Tell me it was just a lie  
I wanna feel the pain  
I wanna see the light

Break my heart /4x
