

Hi-Fi, Don't Give Up

I just want to know

Why forget it? Why not get another road?

Don't give up
Baby, don't think about it
Don't give up
I've been in
Don't give up
Baby, forget about it
Don't be fooled
I've been in

Together we'd get a trouble, trouble get in us
And never talk with us, and never fuck with us

And never talk with us, and never fuck with us
Look around what you've done! Ha
I sing, just better get out
Get a look around what you've done! Ha
Mama said, just fuck you out
Mama said, just fuck you out
Mama said, just fuck you out
Mama said, just fuck you out
Mama said, just fuck you out
Mama said, just fuck you out
Mama said, just fuck you out
Mama said, just fuck you out

Don't give up
Baby, don't think about it
Don't give up
I've been in
Don't give up
Baby, forget about it
Don't be fooled
I've been in

Don't be lied to
Don't be fooled
Don't be lied to
Don't be fooled
Don't be lied to
Don't be fooled
Don't be lied to
Don't be fooled
I really want to know

Don't give up
Baby, don't think about it
Don't give up
I've been in
Don't give up
Baby, forget about it
Don't be fooled (just)
I've been in
