

# Hi-Five, She's Playing Hard To Get

Lyrics She likes me....  
She's playin  
She's playin hard  
She's playin hard to get  
She's playin  
She...but she likes me  
She likes me  
She's playin hard to get  
She's playin...she  
But she likes me  
She likes me  
She likes me  
She's playin

Verse 1:  
I can tell by the look in her eyes  
That she's into me  
Cuz when she passes by and say "Hi"  
I can tell by her smile  
That she's shy as can be (She's playin')  
I don't think she can see my crush on her  
But I can feel her crush on me

Chorus:  
She's playing hard to get  
She just won't admit  
That she likes me  
She likes me  
She's playing hard to get  
She just won't admit, oo yeah  
That she likes me  
She likes me  
She's playin' hard

Verse 2:  
I can feel her vibe for me  
Even though she hasn't said a word  
I bet she's glad I'm readin' her mind  
Cuz there's so much (cuz there's so much) she wants to say  
But she doesn't have the nerve  
And all that she doesn't say  
Oh I'm sure  
I see it in her eyes

Chorus:  
She's playing hard to get  
She just won't admit  
That she likes me  
She likes me  
She's playing hard to get  
She just won't admit it  
Oo yeah she likes me  
She likes me  
She's playing hard to get  
She just won't admit  
She's playin'  
I know she likes me, yeah  
She likes me  
She's playing hard to get  
She just won't admit  
She's playin  
That she likes me  
She likes me

Bridge 1:

You don't have to say a word (playin' hard)  
But I'll still know I'll still know how deep the feelings are you have for me  
Your smile and the look in your eyes  
Says more than any words you could ever say

Chorus:

She's playing hard to get  
She's playin  
But she likes me  
She likes me  
She's playing hard to get  
She's playing  
But she likes me  
She likes me

Bridge 2:

Come on baby girl  
So why are you doing this playing hard to get  
I know that you want me  
I see it in your eyes  
You can't hide it  
You're playing hard to get  
Playin hard to get

I don't think she can see my crush on her  
But I can feel her crush on me

Chorus:

She's playing hard to get  
She just won't admit  
She's playin  
That she likes me  
She likes me  
She's playin hard to get  
She just won't admit it (but she won't admit it)  
Oo yeah she likes me  
But she likes me  
She likes me, she likes me, she likes me  
(repeat till fade)
