

Hi Resolution, Stars Light

VERSE 1:

From the moment i met you,
I wanted to be with you,
Now my world revolves around you.
(I see that starlight, shining in your eyes.)
It's like heaven to kiss you,
When you're absent I miss you,
I think about in all of my time.
(I dream of the starlight shining in you eyes.)

CHORUS (sing twice):

I see the stars light,
shining in your eyes.
I know i love you and
it makes me wanna cry with joy

VERSE 2:

You are my angel,
And I'd do absolutly anything for you,
Just name the place and i'll be there.
(I see that starlight, shining in your eyes.)
you're beautiful i know its true
i know you dont, but know i do,
everything i've dreamed of, manifested in you.
(That starlight, ever shining in your eyes)
