

Hi-STANDARD, Just Rock

Realize what's in front of you
Don't believe everything you hear
Is it true you heard a rumor
TV and 'zines have made an ass of you

Just rock
Just rock your fuckin' self
Just rock
Know who the fuck you are

What's your style? Whose clothes do you wear?
Don't you know fake charisma must die?
What the fuck? If I wore tight pants
You wouldn't be listening to this song

Don't care what the TV is saying
I'd rather rock
That's right, that's right
Don't care what the people are wearing
I'd rather rock
That's right, that's right
