

Hi Standard, New Life

It has everything.

Many cultures.

Many stories.

Pretty girls.

Don't want to go back, don't want to regret.

Don't want to get up early to go work hard.

My youth comes only once in my life.

My life is my own choices.

The years go by before I know.

So I don't want to miss the chance.

Now I am enjoying my new lifestyle.

But my place is like a rabbit house.

I'm enjoying my new lifestyle.

Go my own way.

An old lady moved to the place next door.

She's a widow.

A prisoner and has many hardships.

Don't want to see the story.

Don't want to feel blue.

Don't wanna see my future after 30 years.

My own f**king way.
