

# Hi Standard, Stop The Time

We're walking close together.

In the setting sun.

Do you know?

I believe if I could stop the time.

Yeah, I would hope you would feel the same as I.

Stop the time, please don't say anything.

By my side, don't let me be alone.

Stop the time.

When I grumble about my worries.

Even if you don't listen to me it's okay.

Do you know?

I believe if I could stop the time.

Yeah, I would hope you would feel the same as I.

Stop the time, please don't say anything.

By my side, don't let me be alone.

Stop the time.

This feels so right.
