

High Hopes, Venus

One can fail
I want to tell you my friend
It doesn't mean you'll fall
and I've got no urge to land
I see no rule higher
than meltin' our souls
I want we spread this light 'till i break

Hey !

One can fail
But I'll sleep anyway
There's what's happening here
and the walls you can create
No time wasted in lies
No blind game 'till one's cry
I want you to feel how far you can ride

What can you tell now ?
What can you tell now ?
We're climbing scars and stars
What can you tell now, tell now, tell now now that I'm here

I want to tell you how you're there
I want to tell you how we're way beyond skins
I want to tell you how you're there
I want to tell you, tell you, tell you those tears

I want to tell you how... you're there
Wanna tell...
Wanna...
Wanna...
