

# High School Musical, Champions

We are going to win,  
we will prevail and the power and the glory we will reach,  
as always

We will not lose any opportunity,  
by the crown we must fight

And although,  
I enough am confused,  
dare the best thing of my and that your also  
you obtained it

I Believe that it enamors to me,  
but we will be champions

I believe that I think about you,  
but we will be champions

I love you,  
you love to me,

I I fight,  
your fights,

I win,  
your desire

we do together all and in the end  
we land on water ourselves  
by always and we will be champions

I Believe that it enamors to me,  
but we will be champions

I believe that I think about you,  
but we will be champions

I Believe that it enamors to me,  
but we will be champions

I believe that I think about you,  
but we will be champions
