

# High School Musical, I am over you

I am over you:  
Here I am once again  
Picking up the pieces  
Of the mess you've made  
I'm over you spoiling the fun  
Give it a rest,  
Clean your own mess  
You have no control  
Over everything that's passed  
Leave it be  
Don't mess with me  
I am over you  
And over what you've done  
You always get what you want  
What about me?  
I've had my losses too  
Tokens you took from me.  
Ooooooh!  
I am over you  
The spotlight belong to me.  
Tonight.  
Refren:  
You have no control  
Over everything that's passed  
Leave it be  
Don't mess with me  
I am over you  
And over what you've done  
Is this pain all part of your game?  
You were the one who started this!  
Keep yourself out of my life(It's mine)  
But you were the one who entered mine first,  
I've kept to myself and kept my friends close  
Yet I've always been your enemy?  
I've seen you as a threat.  
Never as a foe  
But you tried to hurt the ones I loved?  
Does getting what I want make me a threat  
It's what you do that makes you so  
It's who I am and I want change  
The you'll find yourself as you are now  
STAY AWAY FOR ME.....!!!!!!!!!!!!!!  
I am over you.
