

High School Musical, It's hard to believe

Ryan)

It's hard to believe, that I couldn't see

(Razem)

You were always there beside me

That I was alone with no one to hold

But you were always there beside me

(Sharpay)

This feeling's like no other

(Razem)

I want you to know..

I never had someone, that knows me like you do

The way you do

I never had someone as good for me as you

No one like you

So lonely before I finally found

What I've been looking for

(Sharpay)

So good to be seen

So good to be heard

(Razem)

Don't have to say a word

(Ryan)

So long I was lost

So good to be found

I'm loving having you around

This feeling's like no other

(Razem)

I want you to know

I never had someone

That knows me like you do

The way you do

I never had someone

As good for me as you

No one like you

So lonely before I finally found

What I've been looking for

Do,do,do

Do,do,do,do,do

Oh,oh,oh,oooh

Do,do,do

Do,do,do,do,do

Oh,oh,oh,oooh
