

Highway 101, Are You Still Mine

Are You Still Mine

Paulette Tenae Carson

Darlin' what did she say when you were alone
All week long you've been actin' strange
Talkin' to her on the phone
Has she gotten' through to you
Got you believin' I'm no good
What did she say or do
To make you act so cruel

Tell me according to her do I cheat, do I lie
And do you believe her
Even some of the time
And the love you've given to me
Is it still mine to keep
Or has she taken that too
Along with your sanity

My darlin' don't you still love me
Or have all the words she said
Changed your mind
Have you been so misled
Has she gotten you in her bed
Oh my darlin' are you still mine

Tell me what will we do
When she's had her fun
When she's stolen our love away
And it's gone like a thief on the run
And when it's too far gone
To ever get it back
What will you say or do
To ease the loss we've had

My darlin' don't you still love me
Or have all the words she said
Changed your mind
Have you been so misled
Has she gotten you in her bed
Oh my darlin' are you still mine

Oh my darlin' are you still mine
