

# Hikaru Utada, Easy Breezy

I still remember the ways that you touched me  
Now I know I don't mean anything to you  
You're easy breezy and I'm Japanesey  
Soon you'll mean exactly nothing to me  
And that means  
You look stupid, telling all your friends how you got the best of me  
I intended to share the pleasure only  
Now I look stupid, we're living in a world with a lot of pressure  
It's quite unneeded to put more pressure on me  
You came and went and left my house like a breeze just passing by  
Hello goodbye you left a note saying it was nice stopping by  
I should have never ever let you inside  
I still remember the ways that you touched me  
Now I know I don't mean anything to you  
You're easy breezey and I'm Japanesey  
Soon you'll mean exactly nothing to me  
Does that mean anything to you?  
Easy breezy, do you whistle to hide that you're feeling lonely ??  
How do I breathe with all this pressure on me?  
Easy breezy, when you wretsle you know that you hurt somebody  
How do I breathe with all this pressure on me?  
You came and went and left my house like a breeze just passing by  
Konnichiwa sayonara it was nice of you to stop by  
Would it amuse you if I told you that I  
I still remember the ways that you touched me  
Now I know I don't mean anything to you  
You're easy breezy and I'm Japanesey  
You're easy breezy and I'm Japanesey
