

Hilary Duff, Dignity

(Verse One)

You got the hottest shoes
You got those Jimmy Choo's
You never get the blues
It's always about you

(Bridge)

Wake up, there's no time to waste
Better check that phone, there's a club to close

(Chorus)

Where's your, where's your, where's your dignity?
I think you lost it in the Hollywood hills
Where's your, where's your, where's your dignity?
Can't buy respect but you can pick up that bill

Pick it up, pick it up
It's all you got, it's all you got
Pick it up, pick it up
Cos money makes your world go round
Money makes your world go round

(Verse Two)

Always with Mr. Right
But then you have a fight
Run into your friend's ex
He's happy to be your next

(Bridge)

Tomorrow's papers coming out
So kiss him fast, watch the cameras flash

(Chorus)

Where's your, where's your, where's your dignity?
I think you lost it in the Hollywood hills
Where's your, where's your, where's your dignity?
Can't buy respect but you can pick up that bill

Pick it up, pick it up
It's all you got, it's all you got
Pick it up, pick it up
Cos money makes your world go round
Money makes your world go round

(Middle-8)

You'd show up to the opening of an envelope
Why does everybody care about where you go?
It's not news when you get a new bag
It's not news when somebody slaps you
It's not news when you're looking your best
Come on come on come on give it a rest

(Outro)

Pick it up, pick it up
It's all you got, it's all you got
Pick it up, pick it up
Cos money makes your world go round

Money makes your world go round (where's your where's your where's your)
Money makes your world go round (where's your where's your where's your)
(repeat until fade)
