

# Hilary Duff, Do You Want Me (Live From Session

I cry like a baby when I don't get my way  
Do you want me  
I won't apologize when I make a mistake  
Do you want me  
I got scars on my heart and they won't go away  
Looking for someone to take them from me  
Everybody knows I'm a little insane  
Do you want me

Oh, I try to be normal  
I try to put one foot in front of the other  
And I feel  
You don't even know I'm alive  
I open my mouth cause I'm waiting for your love to fall from the sky  
And I feel  
You think that I'm out of my mind  
And maybe you're scared to be right  
But you'll never know till you get me alone

Do you want me  
I tell it to you straight so it can't get worse  
Do you want me  
I want to show you me, but first thing's first  
Do you want me  
I'm looking for a saviour to save my soul  
All the damage that I've done has left a big hole  
Everybody knows I just want someone to hold  
Do you want me

Oh, I try to be easy  
I try to put one foot in back of the other  
And I feel  
You don't even know I'm alive  
I open my mouth cause I'm waiting for your love to fall from the sky  
And I feel  
You think that I'm out of my mind  
And maybe you're scared to be right  
But you'll never know till you get me alone

You're looking at me strange, like you don't know my name (my name)  
You're looking at me strange, like you don't know my name  
You're looking at me strange, like it's some kind of phase  
You're looking at me strange, like you want me to change

And I feel  
You don't even know I'm alive  
I open my mouth cause I'm waiting for your love to fall from the sky  
And I feel  
You think that I'm out of my mind  
And maybe you're scared to be right  
But you'll never know till you get me alone

Do you  
Do you  
Do you want me  
Do you  
Do you  
Do you want me  
You'll never know till you get me alone

Do you  
Do you  
Do you want me [3x]
