

# Hilary Duff, Hide Away

Hiding Away  
Losin' the day  
As if it doesn't really matter  
Saying Goodbye  
Scared to say why  
Afraid it will shatter our world  
Show me some faith now  
Trust me somehow

Why are we keepin' our secret  
Why are we hiding ourselves away  
Anyway we can hide away  
I dont wanna fake it  
I wanna make you believe, what I say  
I wont let you...hide away

Where do we go  
How do we know  
What we're ever really after  
Sometimes it's clear  
When you are here  
Nothing can shatter our world  
I need some faith now  
To trust you somehow

Why are we keepin' our secret  
Why are we hiding ourselves away  
Anyway we can hide away  
I dont wanna fake it  
I wanna make you believe what I say  
I wont let you...hide away

Maybe i, maybe i, maybe i'm losin'  
Maybe i, maybe i, maybe i'm OK  
Turn around, look around, go around in circles  
Dont run away, drift away, dont hide away

Why are we keepin' our secret  
Why are we hiding ourselves away  
Anyway you can, hide away  
I dont wanna fake it  
I wanna make you believe what I say  
Ohh what I say  
Believe what i said  
I wont let you hide away, hide away

Hiding away, losin' my day  
As if it doesn't really matter
