

Hilary Duff, My Kind

Moment of clarity
You're leading me where I follow
And all my insanity
You're real, for now
So I keep telling me
You take the weight off my shoulders
You're every missing piece
You're real, for now

I let my walls come down tonight
Will let you waste my time
I don't care if it's all a lie

I'm with you for the night
You're taking me, taking me high
You're loving me, loving me right
Think you're one of my kind
You're one of my kind
And so for now
Don't want you, don't want you to stop
I promise I won't get enough
Think you're one of my kind
You're one of my kind

Think you're one of my kind
You're one of my kind
One of my, one of my
Think you're one of my kind
You're one of my, one of my

You're standing out from the crowd
Strobe lights on your body
When everyone's fading out
You're real, for now
Won't you just take me down
For you I'm the perfect target
I know when the sun comes out
I'm off, but now

I let my walls come down tonight
Will let you waste my time
I don't care if it's all a lie

I'm with you for the night
You're taking me, taking me high
You're loving me, loving me right
Think you're one of my kind
You're one of my kind
And so for now
Don't want you, don't want you to stop
I promise I won't get enough
Think you're one of my kind
You're one of my kind

Think you're one of my kind
You're one of my, one of my...
Think you're one of my kind
You're one of my...

We'll be going
Till I'm overloading
Even though it's breaking me, breaking me
Tearing me, tearing me up
I'm going

Till I'm overloading
Even though it's breaking me, breaking me
I

I'm with you for the night
You're taking me, taking me high
You're loving me, loving me right
Think you're one of my kind
You're one of my kind
You're one of my, one of my

Think you're one of my kind
You're one of my, one of my...
Think you're one of my kind
You're one of my...

So for now
Don't want you, don't want you to stop
I promise I won't get enough
Think you're one of my kind
You're one of my kind
