

# Hilary Duff, Underneath This Smile

What I'm standing on is sinking in  
And I don't have a clue how to get off of it  
But when I look at you there is hope  
It's like you see the sadness in my eyes  
You read the blue between the lines  
You could be the one to hold me when I wanna cry

Underneath this smile  
My world is slowly caving in  
All the while  
I'm hanging on  
Cause that is all I know  
Could you be the one to save me from every bad habit that has helped me dig this hole?  
I've been hiding out for miles  
Underneath this smile

I have walked this earth with broken bones  
I've been keeping secrets under all these lights  
But when you're around my defenses go  
You don't let me run away from you  
You don't let me twist and turn the truth  
It feels as if I'm naked when you're standing in the room

Underneath this smile  
My world is slowly caving in  
All the while  
I'm hanging on instead of letting go  
Could you be the one to save me from every bad habit that has helped me dig this hole?  
I've been hiding out for miles  
Underneath this smile  
Underneath this smile  
Oh, yeah

Underneath this smile  
My world is slowly caving in  
All the while  
I'm hanging on instead of letting go  
Could you be the one to save me from every bad habit that has helped me dig this hole?  
Underneath this smile  
Could you be the one to save me from every bad habit that has helped me dig this hole?  
I've been hiding out for miles  
Underneath this  
Underneath this  
Underneath this smile  
What I'm standing on is sinking in
