Hillsong United, Air I Breathe

Hold me, in your arms Like a new born child I'm desperate, lord For more of you

Touch me, with your love Deep within my heart I'm waiting, lord For more of you

May your words of love Wash over me May your songs of grace Cover me

More than the air I breathe today I need you
More than the desert needs the rain I need you
More than the air breathe today
I need you
More than to live another day
I need you
