

Hillsong United, Fall

I love to worship You, my God
I love to worship You, my Lord
And see Your Spirit fall in power
Your love unfolding
Gifts from heaven

I love to worship You, my God
I love to worship You, my Lord
And feel Your precious
Breath of heaven
Your all consuming love

Holy Spirit come in power
Change my heart
I want to live for You, my God
Let Your Spirit come in power
Change my life
That I may live for You my Lord
Fall on us Lord

So I yearn for You
Long to see You move
Lord, I lift my hands before my King and pray
