

Hillsong United, How Could I Live

How could I live without You
How could I survive
Without Your love
Without Your touch
You're the One that heals me
And cleanses my heart
And sets me free

Now i come right before You
With my hands lifted up
With my heart humbly bowed
At Your work on the cross
As You hang there and die
You were paying the price
For my life, For my life

For Your love is higher than the heavens
Deeper than the seas
And all I want is You in my life
Noone else can satisfy my soul
Can make me feel this way
Only You Lord, only You
