

# Hillsong United, Only You

my heart is waiting  
my soul is longing  
my eyes are searching  
just to see Your face

my thoughts are on You  
my words only speak Your name  
my arms are reaching out  
holding on to You

You say come to me  
and I will come to You  
only You can fill my heart  
with Your love

only You can fill my life  
with Your touch  
Jesus come and fill my soul  
with Your love, Your love

You're always near me  
when I feel no one's there  
so show me You're listening  
I need to know You care

You said You're near me  
and I will draw near You  
only You can fill my heart  
with Your love

only You can fill my life  
with Your touch  
Jesus come and fill my soul  
with Your love

You said come to me  
and I will run to You  
only You can fill my heart  
with Your love

only You can fill my life  
with Your touch  
Jesus come and fill my soul  
with Your love, Your love
