Better Than Me
lyrics by Hinder.

I think you can do much better than me
After all the lies I made you believe
Guilt kicks in and I start to see
The edge of the bed
Where your nightgown used to be
I told myself I wouldn't miss you
But I remembered
What it feels like beside you
I really miss your hair in my face
And the way your innocence tastes
And I think you should know this
You deserve much better than me

While looking through your old box of notes
I found those pictures
That you were looking for
If there's one memory I don't want to lose
That time at the mall
You and me in the dressing room
I told myself I won't miss you
But I remembered
What it feels like beside you
I really miss your hair in my face
And the way your innocence tastes
And I think you should know this
You deserve much better than me

The bed I'm lying in is getting colder
Wish I never would've said it's over
And I can't pretend that I won't think about you when I'm older

Cause we never really had our closure
This can't be the end
I really miss your hair in my face
And the way your innocence tastes
And I think you should know this
You deserve much better than me
I really miss your hair in my face
And the way your innocence tastes
And I think you should know this
You deserve much better than me
(And I think you should know this)
You deserve much better than me
