

# Hinder, Without You

I just wanna be alone tonight  
I just wanna take a little breather  
Cause lately all I do is fight  
And every time it cuts me deeper

Cause something's changed  
You've been acting so strange and it's taking its toll on me  
It's safe to say that I'm ready to let you leave

Without you  
I live it up a little more every day  
Without you  
I'm seeing myself so differently  
I didn't wanna believe it then  
But it all worked out in the end  
When I watched you walk away  
Well I never thought I'd say  
I'm fine  
Without you

I called you up cause it's been long enough  
And you said that you were so much better  
We have done a lot of growing up  
We were never meant to be together

Cause something's changed  
You've been acting so strange and it's taking its toll on me  
It's safe to say that I'm ready to let you leave

Without you  
I live it up a little more every day  
Without you  
I'm seeing myself so differently  
I didn't wanna believe it then  
But it all worked out in the end  
When I watched you walk away  
Well I never thought I'd say  
I'm fine  
Without you

Cause something's changed  
You've been acting so strange and it's taking its toll on me  
It's safe to say that I'm ready to let you leave

Without you  
I live it up a little more every day  
Without you  
I'm seeing myself so differently  
I didn't wanna believe it then  
But it all worked out in the end  
When I watched you walk away  
Well I never thought I'd say  
I'm fine  
Without you (na na na na na na na na na na na)

Without you (na na na na na na na na na na na)

Without you (na na na na na na na na na na na)

Without you (na na na na na na na na na na na)

I just wanna be alone tonight  
I just wanna take a little breather
