

# Hit The Lights, Wide Awake

Everything is winding down  
Man I'm so tired of waiting around  
My whole life I've been waiting around  
waiting around for something to happen  
Everybody wants to go out on the town  
But I just want to rest, I just want to rest my head  
Sometimes you don't get what you want, when you want it

Wide awake, determined to stay half the night  
To keep our hangovers at bay  
I shouldn't go but I've lost my judgement  
Oh I shouldn't go but I've lost my judgement now

This bottle is my word of thumb  
It helps to clear my big day  
For ten weeks long this bitter cold  
Man what the hell where you drinking

Nobody wants to go out on the town  
Yeah they just want to rest, they just want to rest  
I can't wait to go out on the town  
Yeah they just want to rest  
You can rest when your dead

Wide awake, determined to stay half the night  
To keep our hangovers at bay  
I shouldn't go but I've lost my judgement  
Oh I shouldn't go but I've lost my judgement now

How many days 'till you live your life  
How many ways can I in mine  
How many tries 'till I get it right  
No will it ever be enough (will it ever be enough?)

Everybody wants to go out on the town  
But i just want to rest, I just want to rest  
All my life I've been lost, now I'm found  
Hanging out with my friends  
Living up our dead ends  
Everybody's trying to get away from this town  
Yeah I don't want to rest, I think it's for the best  
If we get the hell right out of this town  
we will never rest (You can rest when your dead)

Wide awake, determined to stay half the night  
To keep our hangovers at bay  
I shouldn't go but I've lost my judgement  
Oh I shouldn't go but I've lost my judgement now
